3,384

Cats relocated to MSPCA from shelters nationwide

6,860

Cats adopted into loving homes

THE WINSTON FUND ENSURES EMMY IS HAPPY, HEALTHY, AND HOME

Emmy is a sweet, chirpy, and affectionate girl who gave her owners quite the scare shortly after they adopted her when she began vomiting nonstop and was very lethargic. She was brought to Angell's ER in Boston to figure out what was going on and get her feeling better ASAP.

Her initial test results did not indicate an obvious cause for her symptoms and she was given an anti-nausea injection and sent home with fluids to rehydrate her. A few days later, she returned to our ER because her symptoms were not improving. Our team was concerned she had eaten something she shouldn't have, and recommended getting a better look at her abdomen with an ultrasound and ultimately an exploratory surgery.

Emmy's owners were committed to treating her, but were faced with financial limitations and unsure how to proceed. In collaboration with our Admitting department, Emmy's doctors were able to get her financial assistance through the Winston Fund to cover the cost of the procedure.

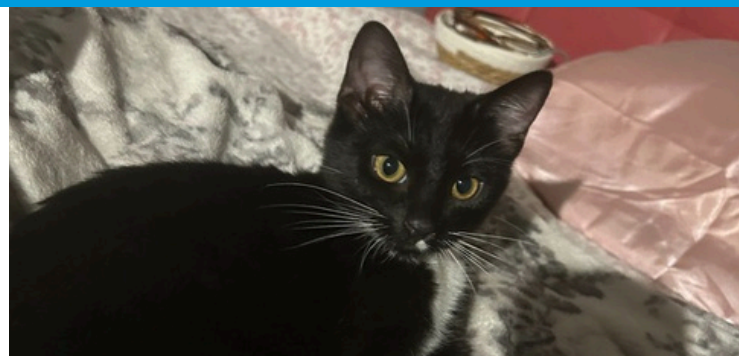

The Winston Fund was established to help cover the cost of care for our feline friends in particular. This valuable resource is available for the owners of critically ill or injured cats who come to us in need of specialized treatment and need a little extra financial support during trying times.

Emmy had surgery in Boston and foreign material was removed. Since returning home, her family has shared that she has been doing well and is a very happy girl. Go Emmy!

Even on our best days, the reality is we could all use a bit of support now and then, whether that be emotionally, mentally, physically or financially. To that end, we feel no one should have to choose between financial strain and their pet's life. We are proud to offer financial assistance through programs like the Winston Fund so families can find peace and comfort in not having to make that decision.

Emmy is living her best life at home with her family who loves her, thanks to the Winston Fund.

CATVOCATES 15TH ANNIVERSARY

The work we do for cats in our communities, shelters, and hospitals is made possible by the generous support of Catvocates—people like you who care deeply about the wellbeing of cats. For fifteen years, Catvocates have helped the MSPCA reduce overpopulation, find loving homes, and keep pets with the families who love them. To learn more, visit mspca.org/catvocatesdonate.
